ABOUT US

OUR APPROACH

MedicoLegal Assessments Group Pty Ltd (MAG) is an Australian-owned and locally operated Medicolegal provider with MAG corporate offices across New South Wales and Victoria and clinical rooms right throughout Australia.

Across an ever-evolving personal injury and compensation landscape, MAG's commitment to providing superior customer service ensures that our clients (including Plaintiff and Defendant Law Firms, Insurers, Government Agencies and Regulatory Bodies) are connected with the right professionals at the right time.

Enhanced by our industry leading technology platform; MAG Connect™ and robust panel of over 2,400 Medical Practitioners, MAG provides a unique, proven and reliable medicolegal assessment and medical information gathering service across workplace injury and compensation matters, motor vehicle accident claims, rehabilitation management, public and occupier liability assessments, medical negligence, coronial and Health Care Complaints Commission matters and functional capacity assessments.

A key component of MAG's winning combination of technology innovation and client service excellence is the team of people MAG has employed to provide corporate and clinical leadership, technology innovation, client relationship management services, client services support, administration support, accounts support and business development expertise.

OUR SERVICES

MAG tailors its services to meet your individual needs. We have a network of established centres across Sydney as well as in regional and interstate areas.

INDEPENDENT MEDICAL EXAMINATIONS (IMES)

MAG Connect's Clinic Calendar and expert Client Services Team will help you to arrange your next IME, locating the right doctor at the right location at the right time.

MAG offers both face-to-face and Online appointments based on our client's needs, proximity and specialisation.

CLINICAL RECORDS

Clinical records are a critical part of any personal injury claim and the retrieval of those records is often a time consuming and difficult process. MAG has developed a sophisticated service to enable the fast and easy retrieval of clinical records from any GP, hospital or healthcare clinic across Australia. The services are available through the MAG Connect platform and we aim to ensure records are delivered to you in under 10 business days, often earlier.

MEDICAL NEGLIGENCE TRIAGE SERVICE

MAG understands that establishing liability early on in a medical negligence matter can assist both your client to receive early advice and your firm in saving time and money on matters that are unlikely to succeed. Subsequent to that opinion, we will organise either a teleconference with that doctor, or begin the process of writing a full report.

REHABILITATION MANAGEMENT

As a result of past and upcoming changes to Compulsory Third Party (CTP) insurance schemes across Australia, MAG offers a rehabilitation service for clients to facilitate and expedite a return to health. MAG is able to refer the injured party to a range of rehabilitation specialists, including occupational therapists, psychiatrists, rehab specialists and imaging services, and will grant you full visibility of their progress.

FACTUAL INVESTIGATION

Our partners are highly experienced factual investigation firms, that specialise in insurance claims. These partnerships allow us to organise factual investigations across Australia, including for workers compensation reports, CTP and public liability claims.

DISBURSEMENT FUNDING

We have partnered with a boutique funding provider so we can offer you a personalised disbursement funding service. Under certain circumstances, MAG will fund your disbursements and will not require payment until the matter settles, or up to two years from the initial claim, whichever is sooner. This service removes the financial stress of running claims, enabling you to focus on a better service for your clients.

NON-MAG PANEL DOCTOR OFFERING

MAG recognises that you may have existing relationships with doctors that prefer to receive referrals direct from your firm. As such, we offer the functionality for you to transact with your preferred doctors on our online platform. With secure document exchange, automatic attendance, LOI reminders and MAG's doctor payment system, you will receive all the benefits of the MAG Connect platform, even if your preferred doctors don't work with us.

IMAGING

Our nationwide partners are leading healthcare organisations that can deliver you a full suite of imaging services including, but not limited to, MRIs, X-Rays, CT Scans and Ultrasound's. The booking and provision of an imaging report is available through our secure, online platform, and you will be provided with updates for every step of the imaging process.

GP REPORTS

We can provide GP reports for your personal injury cases. A full treatment summary of an injured person enables you to make a more informed decision regarding the nature of the injuries and possible return to work options.
